

You have worked hard and deserve the chance to enjoy the fruits of your labour.

What better way than to commission your own custom built boat, a boat built exactly as you want to be your stress free oasis.

Roeboats custom build exceptional and beautiful wooden boats. Not only will you have many years of enjoyment using your Roeboat but from the moment you commission your Roeboat you will be embarking on an enjoyable and fulfilling journey that will continue every time you cast off for the freedom of the open sea.

We offer you

- a no quibbles 5 year hull warranty.
- a personal customer service.
- involvement in the process as much or as little as you want, can or would like.
- weekly progress updates.
- hardback book as a record of the build.

## Invest in Your Leisure

Roeboats are built for owners like you who appreciate quality craftsmanship and classical design that will endure for decades and be easy to maintain.

With her sea kindly and fuel efficient hull you can relax in the comforting warm glow of the wood lined cockpit of your Roeboat and bask in the admiring looks of those lucky enough to see her.

I look forward to working with you on your dream boat. Together we can build something that will bring you joy for many years to come.

## Cast off and enjoy

the unparalleled freedom that can only be found commanding your own boat. Your Roeboat will lift your heart every time you put to sea.

**Bio:** Tiernan began boat building at the age of ten, helping his father build an optimist dinghy. Since then he has taught himself the skills needed to build boats while gaining a degree in Industrial Design, working as a special effects model maker and fine furniture designer/maker. All of these experiences enable Tiernan to build beautiful boats with a designer's eye and a craftsman's hands.
